

Available with Diesel or Gasoline engine

The Hydro-Vac Trailer from E.H. Wachs includes our 500CFM-11in Hg vacuum with spoils tank. This system features a twin cylinder, electric over hydraulic dump system, powered by Monarch HPU and incorporating a slide and tilt system that moves the tank out before tilting to clear for dumping, then lifts to 55° to discharge debris.

### FEATURES

- Available in two types of engines:  
**Diesel:** Tier 4 compliant Kubota 1.1 L, I-3 4-stroke, liquid cooled IDI. #77-000-33  
**Gas:** 27HP Kohler overhead cam, air cooled, #77-000-31
- Positive displacement blower provides 500 CFM-11in Hg vacuum
- 250 gallon spoils tank utilizing exclusive hydraulic powered slide, tilt, and dump system with latching door (rear dump)
- 2.5 GPM@3000 psi pressure washer system with 95 gallon fresh water tank
