

PART 69290 SLAB SAW CART

STANLEY®

August, 2015

When the job requires more precise floor cutting over a longer distance, the STANLEY Slab Saw Cart is the perfect companion for our Cut-off Saws. Greatly reduces operator fatigue while enhancing cutting control.

FEATURES:

- Saw cart for use with any model of C025 Cut-Off Saw
- Cart easily collapses for storage and transportation
- Depth of cut adjustable by worm gear crank at handle bar
- Hand crank raises and lowers saw into cut
- Single lever at handle controls on/off valve on saw
- "Fold up" saw guide for accurate cutting
